Designer who loves creating intuitive, user-friendly interfaces that make technology easier to use. Currently elevating Gravity One's strategic planning platform, used by businesses and government organizations across the UAE and Australia. My process starts with deep user research, collaborative iteration, and ends with polished solutions.

Work Experience

UI/UX Designer

Jan 2024 - Present

Tandemloop Technologies | Bangalore

- Designed user-friendly interfaces for products such as Gravity One's Strategy Dot Zero, a platform utilized by government organizations and enterprises.
- Performed research, usability testing, and prototyping to create intuitive designs aligned with client needs. Working to optimize and refine Strategy Dot Zero.
- Collaborated with teams and clients to deliver digital solutions that met business and user needs.
- Designed various AI agents and chatbot to make workflows easier for users

Junior Designer

Jun 2023 - Jan 2024

300 Pixlr | Bangalore

- Designed intuitive web and mobile interfaces, focusing on user-friendly experiences and maintaining brand consistency.
- Conducted user research and collaborated with cross-functional teams to deliver impactful design solutions tailored to user needs.

Projects

Executive Dashboard – StrategyDotZero

Present

Redesigned the Executive Dashboard to simplify data visualization, addressing issues of scattered and overwhelming information. Created a structured, interactive interface that improved usability, enabling executives to make informed decisions quickly. The enhanced experience led to a notable increase in client retention rate.

Strategy Dot Zero

Present

Redesigned multiple modules, including the PMO Dashboard, Benefit Agent, Reporting Agent, and AI Chatbot, to streamline workflows and enhance user experience. The PMO Dashboard centralized all essential tools, eliminating scattered information and reducing complex user flows. The agents were designed to provide intuitive navigation and quick access to key insights. This overhaul significantly improved efficiency and received positive responses from clients.
